LOOMA NEST

Looma Nest is one of the Mobile App Based Solutions which could manage the living activities on fingertips for the Individual houses, apartments, colonies, Gated Communities and Commercial buildings.

Resident Management

It focuses on the Daily needs/essentials pertaining to the resident at the doorsteps through the Looma Resident App.

Accounts Management

The app pertains to the Maintenance, Collection, Vendor & Staff payments along with monthly reports through Looma Admin App.

Utility Payments

The Residents can Manage and Pay their Utility bills, Rent, Maintenance, and monthly recurring payments through Looma Resident/Admin App.

Vendor Services

The Society Management App will provide Trusted Vendor Services to the Registered Societies & Residents.

Guard Management

Offers the Multi-Language Mobile App to the Guards/Watchmen who manages the Visitors at the Gate and the Common Area activities.

Looma Smart Homes

Looma IoT is a Smart Device that provides Customized Automation Solution to the Individual Houses, Apartments, Gated Communities, Commercial, & Corporate Buildings through Mobile App.
